

We would like to thank all benefactors to Durham University for their generous support during 2015-16. The following pages list all those who have given gifts and/or provided sponsorship through the Development Office during the financial year ending 31 July 2016. Your support has done a great deal to advance the interests of the University, its staff and students over the year. In addition to the donors listed below we are also grateful to the many who give to Durham University anonymously.

While every effort has been made to record names in accordance with our donors' wishes, if we have made mistakes, or omitted your name in error, please accept our apologies and let us know so that this can be corrected. Where names are mentioned more than once, this is owing to individuals with identical names being donors.
