Hatfield Lecture 2019

There was an excellent turnout for the annual Hatfield Lecture delivered by Rachel Skinner. Rachel is UK Head of Development and an Executive Director of WSP, and also a Vice President of the Institution of Civil Engineers (ICE). Rachel delivered a stimulating lecture looking towards the future of transport and planning for 2050. A number of students took the opportunity to have dinner and further discussion with Rachel in the College SCR Dining Room, and greatly benefitted from the experience.

'All Male No More!' is no more

Thanks to everyone who came along to the 'All Male No More!' Hatfield College exhibition. It was especially wonderful to see so many at the exhibition opening, where we welcomed staff, students and members of the community to see the exhibition and listen to remembrances of Pauline Wetton, first Female Tutor at Hatfield appointed during the change to a mixed College.

Careers Conversation Dinner

We are on the look out for opportunities to hold more *Careers Conversation Dinners* in Hatfield College. These dinners are a fantastic way for students to connect with alumni and gain insight into different career paths. If you are interested in attending a dinner, or holding drop-in sessions or a talk, please email hatfield.shaped@durham.ac.uk.
